

EDUCATION AND TRAINING

November 2022

Postgraduate diploma in Endocrinology and Metabolic Diseases, IRCCS - Policlinico San Martino, University of Genoa, Italy, with full marks (50/50 cum laude).

Knowledges acquired during the specialisation course:

- * Performing the main diagnostic tests in endocrinology;
- * Classification, management and treatment of the main endocrinological pathologies, in particular:
 - Non-oncologic thyroid pathology;
 - Performance of thyroid ultrasound and management of the thyroid nodule;
 - Principles of performing ultrasound-guided needle aspiration;
 - Thyroid neoplasia;
 - Neuroendocrine neoplasia;
 - Hypopituitarism;
 - Hyposurrealism;
 - Cushing disease and syndrome;
 - Acromegaly;
 - Diabetes mellitus type 2;
 - Diabetes mellitus type 1 (including therapy management with integrated systems, data discharge and basic education on carbohydrate counting);

September 2021 – November 2022

Sub-Investigator - TCH-306

Efficacy and safety comparison trial of weekly lonapegsomatropin vs placebo and daily somatropin in adults with GH deficiency (foresiGHt).

November 2020-February 2022

Sub-Investigator - PATRO Adults

Post-marketing surveillance study for long-term efficacy and safety of somatropin therapy (Omnitrope)

July 2018

Licensed to practice medicine - University of Bologna

CURRICULUM VITAE
EUROPASS

December 2017

Degree in Medicine and Surgery - University of Bologna, with grade 110/110 cum laude

September 2014 - August 2015

Erasmus programme. I spent the 4th year at the Universidad Autónoma de Madrid and a total of 6 months as a trainee at the Hospital Universitario La Paz (Madrid) in oncology, pneumology, neurology, paediatrics, gynaecology and obstetrics.

September 2016 - July 2018

Voluntary attendance c/o Endocrinology Operating Unit of Policlinico S. Orsola - Malpighi.

- Participation in clinical-ambulatory activities in the field of the main endocrinological pathologies (first visits, emergencies, check-ups);
- Elective attendance of the outpatient clinic dedicated to adrenal pathologies;
- Participation in the Diagnostic Therapeutic and Assistance Pathway (PDTA) on adrenal incidentalomas, in particular with regard to relations with the radiology department for the evaluation of CT images of adrenal masses;
- Collaboration in the research activity of the research team

PROFESSIONAL EXPERIENCE

January 2023 - today

Research fellow with agreement for clinical activity* at the University of Bologna, Department of Medical and Surgical Sciences (DIMEC), U.O.C. Endocrinology and diabetes prevention and treatment - Prof. Pagotto
**Clinical activity consists of diabetological and endocrinological outpatient visits*

March 2023 - today

Freelance activities at specialist outpatient clinics (Descovich-Corcovado, ABCardio, DYADEA-Sant'Agostino)

December 2020 - July 2021

Continuing Independent Collaboration Contract (Co.Co.Co) during the Covid-19 emergency period, at the Operating Unit of Internal Medicine - Emergency Medicine (Director Prof Paolo Moscatelli) - IRCCS, Policlinico San Martino, Genoa.

PERSONAL SKILLS

Native language Italian

CURRICULUM VITAE
EUROPASS

Foreign languages

	Comprehension		Speaking		Writing
	Listening	Reading	Interaction	Oral Production	Written production
English	B2	B2	B2	B1	B2
B2 level – First Certificate					
Spanish	C2	C1	C1	C1	C1
C1 level - DELE					
(*) Common European Framework of Reference for Languages					

SOCIAL AND COMMUNICATION SKILLS

Excellent interpersonal skills and aptitude for teamwork.

COMPUTER SKILLS

Adequate knowledge and ability to use the main Microsoft Office software (Excel, Power Point, Word)

Basic knowledge of statistical analysis software (IBM SPSS - R)
